MEMORANDUM FOR: Chief, Management Staff, DDA
ATTENTION: DDA Communications Requirements Coordinator
FROM:
Director of Communications
SUBJECT: New Communications Support Requirements:
FY 1982-FY 1986
REFERENCE: DDA 79-0112/5 dtd 28 September 1979

The Office of Communications will continue to be a major user of the Agency's communications systems in the foreign field during the 1982-1986 time period to meet the administrative and support requirements of maintaining the worldwide communications network. However, OC will continue to utilize the network as it is designed and operated for our customers, changing communications methods only when new capabilities are added to satisfy changing Agency needs. Therefore, OC projects no communications requirements unique to it during the subject period which require new initiatives or significant changes in existing services.
